

REQUEST FOR INFORMATION ABOUT INDUSTRIAL SIEVING

Company:		
Contact person:		
Phone:	Fax:	E-mail:

Indicate the product to sieve. Is it a liquid or a solid? Please, indicate some information about the product (density, viscosity, etc.).

What is the necessary size of the mesh or the particle size about the different fractions to separate?

Which are the percentages about the rejected product of the different meshes?

Indicate the required production of the sieve shaker (kg/h or l/h).

Indicate the feeding flow of the sieve shaker (kg/h or l/h).

Where will be placed the sieve shaker? Indicate the available space.

Please, indicate the electrical connection (V and Hz).

In case of the sieve shaker will be placed in a classified zone, indicate the classification.

Please, tell us if you can send us your product (10 ÷ 30 kg) in order to do a sieving test to make specific information about production, behaviour of the product and a budget about the necessary equipment.

Mr./Mrs. _____ certifies that all the information included in this order form is true. Hereby, I agree.
